- Signature by **Chief Guest of Honour on Graduation Book of Fame**

“Today, we celebrate how far you have come and the opportunities ahead.”

Dear Graduands,

Graduation celebrates the successful completion of an important chapter, but it should never mark the end of learning. Today, we celebrate how far you have come and the opportunities ahead.

As the **first cohort graduating from the Kingston University BSc (Hons) Top-Up programmes at Polytechnics Mauritius**, you hold a special place in the history of our institution. Your achievement is both a personal milestone and an important step in the partnership between **Polytechnics Mauritius and Kingston University**.

At Polytechnics Mauritius, our ambition extends beyond preparing learners for a qualification or their first job. We aim to create pathways for lifelong learning, enabling people to build on their knowledge, skills and experience and to access further academic and professional opportunities. Your graduation demonstrates what such progression can achieve.

As Chairperson, I am proud to see you achieve this milestone. The true value of your qualification, however, will be demonstrated by how you apply it: in your workplace, in how you lead and support others, and through the contribution you make to your community and society.

As you move forward, remain curious, continue investing in yourself and never stop learning. Most importantly, remember to give back and create opportunities for others.

Congratulations to each and every one of you. I wish you every success in the journey ahead.

Dr. Tomal Kumar CHADEEA,
FHEA
Chairperson, Board of Directors
Polytechnics Mauritius Ltd

MESSAGE OF OFFICER IN CHARGE
POLYTECHNICS MAURITIUS

“Today, I am proud of you.

Tomorrow, I hope the world will
be proud of what you become.”

Dear Graduands,

Today, I look at you with a very special sense of pride.

Many of you began your journey with us at Diploma level. You chose to continue because you believed you could go further, and today, you stand before us as **BSc (Hons) graduates**.

That journey means a great deal to me.

Like a parent watching a child take another important step forward, there is a quiet happiness in seeing how much you have grown; not only academically, but also in confidence, maturity and ambition.

My wish for you is simple: never become satisfied with what you already know. Keep learning, keep challenging yourself, and never be afraid to aim higher.

Wherever life takes you, remember where this journey began and carry forward the values, skills and determination you developed here.

Today, I am proud of you.

Tomorrow, I hope the world will be proud of what you become.

Congratulations, and may this be only the beginning.
